

TOF Research and Education Day

20-Jul-19

Agenda

Time	Speaker	Topic	Objective
8:00a	TBD	Welcome	NA
8:10a	Carl Berasi, DO	Outpatient TKA	Discuss current options for TKA in an outpatient setting
8:20a	Michael Cannone, DO	Patient Specific Cutting Blocks in TKA	Describe use of patient specific cutting blocks in TKA
8:30a	B. Rodney Comisar, MD	Patella Instability	Describe common causes of patella instability
8:40a	Mark Gittins, DO	3D Printing of Implants	Explain the use of 3D printing for joint implants
8:50a	Keith LaDu, DO	Meniscal Repair Techniques	Discuss current techniques used for meniscal repairs
9:00a	Jeremy Mathis, DO	Arthroscopic Fracture Repair	Discuss qualifications for arthroscopic fracture repair
9:10a	Ryan Palmer, DO	Anterior THR	Describe anterior approach for total hip arthroplasty
9:20a	Q&A		
9:30a	Martin Taylor, DO, PhD	Botox for Migraines	Explain the use of botulinum toxin for migraines
9:40a	Steven Nash, MD	EMG in Nerve Injuries	Determine the need for EMG with nerve injuries
9:50a	Break		
10:00a	Daryl Sybert, DO	Minimally Invasive Surgery at an ASC	Describe minimally invasive spine surgery technique
10:10a	Donald Rohl, DO	Cervical Fusion at ASC	Determine appropriate candidate for outpatient cervical fusion at an ASC
10:20a	Ying Chen, DO	SI Fusion at ASC	Discuss SI fusion as an option for SI pain
10:30a	Larry Todd, DO	Lumbar Fusion at ASC	Discuss contraindications for patients to have lumbar fusion at an ASC
10:40a	David Kim, MD	Flexible Lumbar Fusion	Describe Flexible Lumbar Fusion Options
10:50a	Paul Eichenseer, DO	New Reconstructive Options in the Spine	Discuss new Options for Reconstruction of the Spine
11:00a	Michael Skeels, DO	Nerve Stimulators in the Spine	Describe appropriate spinal conditions to utilize a spinal nerve stimulator
11:10a	Q&A		
11:20a	Nicholas Cheney, DO	Grand Rapids Arch Collapse Classification	Describe foot conditions using the Grand Rapids Arch Collapse Classification system.
11:30a	Ralph Napolitano, DPM	Wound Care Dressing	Explain correct technique for dressing a wound
11:40a	Jeffrey Gittins, DO	Double Osteotomy in Bunions	Determine what conditions would indicate a double osteotomy for bunions
11:50a	Q&A		

12:00p	Lunch		
12:50p	Scott Stpehens, MD	Integra Shoulder Studies	Discuss new technology for TSR and RTSR
1:00p	Robert Nowinski, DO	Outpatient Shoulder Arthroplasty	Describe outpatient shoulder arthroplasty
1:10p	Timothy Duffey, DO	Shoulder Pain in Swimmers	Discuss treatment options for shoulder pain in swimmers
1:20p	Desmond Stutzman, DO	CMC Fusion with Tight Rope	Describe CMC fusion surgery using the tight rope
1:30p	Ryan Klinefelter, MD	Injection Therapy with Dupuytren's Contracture	Explain use of injection therapy for Dupuytren's Contracture
1:40p	Gary Millard, MD	Distal Radius Fractures	Discuss treatment options for distal radius fractures
1:50p	Q&A		
2:00p	TOF Intern Research Presentations <i>Pls: Mark Gittins, Scott Stephens, Robert Nowinski</i>	Integra Studies	Describe current research studies being performed at The Orthopedic Foundation
2:40p	Dismissal
